

Proposed Agenda for the 1st Q2 Workshop
June 28 - 29, 2005

Session 1: Needs, Goals and Strategies 8:30-9:30

Opening remarks, NOAA vision and mission goals
NOAA/NWS service needs
NOAA/NWS operational needs
Needs of external partners and users

Session 2: Current Capabilities and Practices 9:45-12:00

Radar QPE
PPS

Multisensor QPE
MPE
Mountain Mapper
P1/2/3
Stage IV
QPESUMS
Satellite techniques
FFMP

Session 3: Operational Issues and Perspectives Working Groups 1:00 – 2:30

Radar QPE
Multisensor QPE
Data Quality

Session 4: Science and Science-to-Operations Issues and Perspectives 2:45-5:00

Radar QPE
Polarimetric QPE
Multisensor QPE
Data quality
Satellite techniques
NWP
Very Short-Range QPF
HMT

Session 5: NMQ as Community Testbed 8:30-10:30

NMQ
JADE

Session 6: 10:30-11:30

QPE Science and science-to-operations strategies

Session 6: Action Items 11:30 – 12:30

Steve Vasiloff (steven.vasiloff@noaa.gov)

NOAA/National Severe Storms Laboratory

DJ Seo (dongjun.seo@noaa.gov)

NOAA/NWS/Office of Hydrologic Development/Hydrology Laboratory
